

Dear Parents and Carers

Kings Taster Lesson

On Tuesday 3 July 2018, some Kings' teachers came into school and gave us a taster lesson. First we learnt Italian with Mrs Kingsley, the Head of Italian. We learnt the different parts of the face like nose - *naso* and ears - *orecchio*. We then played some fun games where you had to point to the different parts of your face. The next lesson was PSHE with Miss Chandler. We discussed masks and then made masks with the DT teacher. We had a great morning and were excited.

Year 6 Induction Day

On 4 July 2018 all the year 6's of our local area went to Kings' School for an Induction Day. We did lots of fun lessons like Science, Geography and Food Tech. We were split into four groups with other schools which meant that we could start to make new friends with other people from different places. The lessons that my group did were French with Mr Bailey, RS with Miss Banwell, Science with Mr Greer and Food Tech with Mrs Southworth.

All our four groups did a different language (French, Spanish, German or Italian) and we learnt the basics of a first conversation. Although it was a short lesson, we really enjoyed our time and can't wait to learn a language next year.

Next we went into the Humanities Block, and had a lesson of History, Geography or R.S. My Group (Red) did R.S and had lots of fun. Our teacher was very amusing and we discussed what Religious Studies means. It was a very good lesson.

Just before lunch we had a quick lesson of Science with Mr Greer. We made a tin of Pringles fly up in the air (without touching it!), and had lots of fun on a very cool 'App' Mr Greer had called "The Size of the Universe".

After lunch we had Food Tech with Mrs Southworth. This was great fun as we made mini pizzas. We made them by using muffins and spreading tomato pasta sauce on them. Then we added cheese and picked our toppings. Finally, we grilled them and ate them; they were super tasty!

Overall we had a very fun day and can't wait to move up.
Jacob B & Lucy B

Year 6 St. Swithun's Maths Days

For the past five weeks Year 6 have been going to St. Swithun's School for maths lessons. We had fun and learnt lots of new things. We split into three groups and we all did the same activities. On week one, we made a cube out of coloured paper. It was challenging but good fun, and we got to take them home! The next week we played a game on some iPads and we answered questions on a quiz about Leonard Euler. The third week, we looked at making shapes out of different shapes like hexagons or pentagons. Then, on week four, we went around classrooms playing puzzle solving games and maths games. For all this, we had been waiting for the fifth week where we did an exciting treasure hunt where there were prizes for first,

second and third! We're really grateful to St. Swithun's for inviting us to these events.

Sophie M and Grace F – Year 6

Morning Arrangements

If your child/ren miss their class line-up in the morning, but they arrive at school before 8.55am, they do not need to come into school via the office, they should enter their classroom via the outside doors. Thank you.

Message to Class

If you would like the admin team to get a message to your child/ren or class teacher regarding collection arrangements, please ensure that you contact the office before 3pm. This will enable them to deliver your message and return to their post! in time for the end of the school day.

Charity Donation

On Tuesday Ava, Grace and the members of The School Council presented a cheque for £1,022.44 to Winchester Hospice! Thank you to everyone who supported this amazing charity at the cake sale, the non-uniform day and the fun run, and for all the donations that have been received over the past months.

Sports Day Event

Yellow Team won the Sports Day event this year! Well done Yellow Team! All the children took part in races and relays and the scores were added together. The trophy was presented to the House Captain during Celebration Assembly last Friday.

Rocksteady Concert

The children have really enjoyed their Rocksteady lessons. On Monday they performed for their family and friends. The concert was thoroughly enjoyed by all!

Listen 2 Me

Year 4 have been learning to play the violin this term, whilst Year 2 have been learning the recorder. The children are looking forward to showcasing their new skills to friends and family on Thursday 19 July at 9.15am.

Year 5 Swimming

Our Year 5 children have now completed their 10 week swimming programme at Kings' School. On Monday the children and their families enjoyed a fun Swimming Gala to celebrate the end of their sessions.

Choir Concert

A letter was sent out today regarding a forthcoming exciting opportunity for our choir. Please check your email account/child's bag as we need a prompt response. Thank you.

Inset Days

A reminder that tomorrow and Monday are Inset Days, therefore we look forward to seeing the children again on Tuesday.

Thank you for your continued support.

Yours faithfully

Mrs Bordoli
Deputy Headteacher
