

English

We are going to be focusing on biographies and persuasive speeches.

Home learning ideas

Watch a speech from David Attenborough, Malala Yousafzai or Greta Thunberg. What do you notice about their voice, body language and facial expressions. How do these contribute to the spoken words?

Year 5
Summer 1

Heroes of Humanity

Maths

- Percentages, decimals and converting units of measurement

Home learning ideas

- Topmarks- 'Hit the Button' game
- Times Table Rockstars
- Oxford Owl maths activities

Science

We are learning about forces such as gravity, friction and air resistance.

Home learning ideas

Try an experiment from the following website:
<https://www.sciencefun.org/kidszone/experiments/force-and-motion-science-experiments/>

Key Questions

What are the legacies of the ancient world on our modern world?

Home learning ideas

Research an invention from one of the ancient civilisations, which we still use in some form in today's world.

Geography

We are learning about natural resources and renewable energy.

Home learning ideas

Research the location of wind and solar farms in Hampshire. Do you notice any patterns regarding their locations? What makes a great site for a wind farm or a solar farm? How do local residents feel about them?

PE

Athletics and Rounders

DT

Food technology - healthy meals

Home learning ideas

Cook a balanced meal using locally sourced ingredients. Get your family to taste test!

RE

Making decisions

Home learning ideas

How do you feel when you have to make important decision? Reflect on this in a journal entry.

PSRE

Goals and dreams

Home learning ideas

What careers interest you? Spend some time researching them.

Music

Freedom to improvise

Home learning ideas

Watch some of the BBC live lounge videos. Do you spot any improvisation happening?

French

- Clothing
- Money
