

HEDGEHOGS NEWSLETTER

FRIDAY 26TH JUNE

What a wonderful week we have had in Nursery! Although the weather has been incredibly hot, the children have done amazingly well and have continued to enjoy all of their learning, exploring and play both indoors and outdoors.

We have taken lots of opportunities to keep cool, stay hydrated and enjoy some quieter activities during the warmest parts of the day. The children have shown great resilience and adaptability, and we have been so proud of how sensible they have been in looking after themselves and their friends. As always, it has been a busy week full of fun, learning and plenty of smiles!

The children have had great fun finding different ways to keep cool during the hot weather this week. They thoroughly enjoyed being gently sprayed by the hose, paddling their feet in trays of water and taking part in a range of water play activities.

There was lots of laughter and excitement as the children explored the water, splashed their feet and worked together during their play. These activities not only helped everyone stay cool but also provided wonderful opportunities for exploration, communication and imaginative play.

The warm weather has also provided the perfect opportunity for lots of discussions about summer safety and how to keep ourselves safe in the sun. We have talked about the importance of drinking plenty of water, wearing sun hats, using sun cream and spending time in the shade. The children have also enjoyed discussing the different activities we do throughout the seasons, what clothing we wear at different times of the year and how the weather can influence the things we choose to do. It has been wonderful to see the children sharing their own experiences and making connections to the world around them.

The hot weather also treated us to some delicious ice lollies this week, which were thoroughly enjoyed by both the children and the adults! They were a lovely way to cool down after playing outside and sparked lots of conversations about our favourite flavours and summer treats. There were plenty of smiles all round, and it was a fun way to make the most of the sunshine together.

DATES FOR YOUR DIARY

Class Photos

Inset Days

Summer Fair

Nursery Graduation 13:30-15:00

End of term

INSET DAY

Friday 3rd July

Friday 26 June & Monday 29 June

Saturday 11 July

Tuesday 21 July

Wednesday 22 July

Tuesday 1 September

CLASS PHOTO DAY

We are very sorry that our class photographs had to be postponed this week due to the extreme heat. The photographs will now take place next Friday instead. If your child does not normally attend Nursery on a Friday but you would like them to be included in the class photo, please bring them to Nursery at 9:15am.

The photographs should take no longer than 15 minutes, and you will be able to take your child home again once they have been included. Thank you for your understanding, and we look forward to capturing this special memory with the children next week.

HAVE A LOVELY WEEKEND

SOPHIE AND THE TEAM
